'From the moment you arrive till the day you leave, you and your guests will want for nothing'

Hosting weddings is a **passion**.

Manager & in house wedding planner Josh Tully has been organising weddings & events for the past 8 years, and has a natural talent for making your dreams a reality.

*"Josh has an amazing and uncanny knack of knowing what you need before you do. He is the main reason I glide down the aisle a serene and stress-free bride. From start to finish he made sure our wedding day was perfect. Nothing was too much trouble and on the day every last little detail was taken care of. He is warm, friendly, professional and his attention to detail is second to none. He is, to put it simply, an absolute star!"*

All of the rooms are designed slightly differently, some with exposed beams, some with three windows within one room and others with large bath tubs.

But they all have one thing in common – **Comfort.**

Food & drink is very important to us & believe it should be a very social experience, especially at a wedding!

The wedding breakfast is served as a 'family style' menu- large platters of food set in the middle of the table for your guests to enjoy and share with others around them. It's the best ice breaker.
